

THANKSGIVING FORTUNE TELLER

Cut out the square and fold.

instructions

- with the back side up, fold from corner to corner, making a square.
- open up the paper back folding out again and fold from corner to corner in the opposite direction.
- unfold your paper, you'll have a grid of 9 squares.
- fold one corner to the center of the opposite side.
- repeat this with the other three corners.
- with a ruler, your paper will be the size of a square. Your square should be getting smaller.
- turn your paper over.
- fold the paper to the center of the square along the top.
- repeat this with the rest of the corners. Your square will be smaller.
- fold and unfold the square in "Z" horizontally.
- fold and unfold the square in "Z" vertically.
- you'll have a smaller square than the first.
- turn over & fold your square under the first and push the outer corners to the middle.
